

February is Heart Month Meet Your Heart Care Team

DR. CHARLES ATHILL

What is your specialty?

Cardiac electrophysiology. I treat all types of cardiac arrhythmia (irregular heartbeat), whether slow or fast.

What is your number one heart-health tip?

Maintain a healthy body weight.

What is one thing that you want your patients to know about you?

I hope the care I provide improves their health and quality of life.

Why did you decide to become a doctor?

My father died from complications related to atrial fibrillation (AFib).
